February 23, 2009

To Our Obstetrical Patients:

We recognize the Daily Press' front page article about the closing of Sentara CarePlex's Labor and Delivery unit may cause concern for some of our patients. We want to assure you that Obstetrics and Gynecology Associates of Hampton is still here to care for you.

April 3, 2009 is the date Sentara has set to close the unit. While it is disappointing to us, we realize it is an economic decision on their part and in no way reflects our desire to continue delivering babies in Hampton.

We will continue deliveries at CarePlex until they close, after which you may choose to deliver either at Riverside Regional Medical Center or Mary Immaculate Hospital.

If you have further questions, please don't hesitate to bring them up at your next appointment.

Regards;

Obaid H. Jafri, M.D., F.A.C.O.G.
